

# Systems FAC Conference Call

16 Sep 2004

1. Attendees: Mary Diel, Steve Hutsell, Glen Kato, John Kincaid, Ed Mathison, Greg Porycky, Jim Sherman, Stan Shirk, Lori Sitter, Debbie Solis, Steve Spangler, Lori Taylor, Mike Watson
2. Steve Hutsell announced that he is leaving for Iraq on 3 Oct 2004 for four months. Glen Kato is going to take over the coordination of these conference calls while Steve is deployed.
3. A couple of updates were made on the taskings from the last SFAC meeting. On item #1, Border sheets, Lori Taylor indicated that she had not yet received a copy of the new developed NAVFAC border. She is going to continue pursuing that avenue. On item 10, CADD files and real world coordinates, Roger Porzig and Brian Haney were identified as the POC's. All POC's should be able to provide a status update at the October conference call.
4. There was discussion regarding Microstation/Autocad interoperability issues prompted by John Bailen's e-mail on the subject and his request for input from the various FAC groups on defining what is or if this is a major problem and the pros and cons on standardizing on just one CADD package. If you want to contribute to this discussion, please send your thoughts (please no more than 1 page) to Glen Kato. He will assemble, consolidate, and forward our responses on to John Bailen.
5. Possible topics for Jekyll Island Meeting
  - A. Finalize resolutions for the taskings assigned at the San Antonio meeting.
  - B. CADD/GIS Center SWAT teams and how we fit in with them.
  - C. Develop guidance on a CADD structure for regionalization
  - D. Look at the A-76 PWS Review
  - E. Bentley FAC
  - F. Technology Days Schedule

If you have other ideas for topics, forward them on the John Kincaid and he will put together the final agenda. Due to time restraints and much work to be done, it was decided that no vendors are to be invited to attend or participate in the Systems FAC meeting this year.

6. The next conference call will be Thursday, October 21, 2004, 11 am PST.
