

**Structural FAC  
Teleconference Minutes  
12 June 2002**

1. **Participants:** The following members participated in this month's meeting:

Lori Taylor (MVP)  
Cyndi Riley (SWL)  
Robert Tedrick (POA)  
Ed Schilling (MVK)  
Jim Bruszewski (LRB)  
Jean McGinn (HQ)

2. **Additions to the Structural Details Library:** Work is progressing. The details are basically having to be redrawn to bring them into compliance. To date, Cyndi has completed approximately 25 details and Lori as completed approximately 10. Lori will check on the status of the details being completed by SPK and NAB.
3. **Structural Website:** All of the comments on the website have been forwarded to the contractor. This includes establishing the Mathcad Library, fixing the Structural Connection, and other more minor glitches. The status of the changes is unknown at this time. A link was furnished to John Lanzarone for comment.
4. **Metriation Guidance Development:** Cyndi Riley has graciously volunteered to develop the Metriation Guidance, which when complete, will be furnished to HQ for editing/issuing.
5. **August STFAC Meeting:** To date, the following members are planning to attend the STFAC meeting that will be held in conjunction with the 20-22 August CADD/GIS Symposium. Anyone else that is planning on attending or needs more details should contact Lori Taylor. The STFAC will pay for registration, travel and per diem.

Cyndi Riley  
Lori Taylor  
Jen Flanagan  
Don Cook (tentative)  
Robert Tedrick (checking)

6. **Electronic Meeting Options:** *Lori will contact Toby Wilson to see what has to be done to try the software for our next meeting.*
7. **A/E/C Standard Implementation:** A survey, requesting information on the status of each district's A/E/C CADD Standard implementation, has been sent out to all districts. This survey has a suspense date of 28 June.
8. **CADD Center Software Purchase:** The CADD Center has negotiated a Blanket Purchase Agreement (BPA) with ESRI and are now managing the CADD 2 contract (formerly managed by the Navy). For more information on the Center's BPA(s), contact Bryan Perdue at 601-634-2286 or by email at [bryan.l.perdue@usace.army.mil](mailto:bryan.l.perdue@usace.army.mil). The Center is also looking into a bulk purchase of ESRI products. This would allow the Center to purchase the software at a significant discount. Districts could then purchase the software from the Center. There are still a lot of details to work out; it will be at least 6 months before anything is in place. Once the ESRI purchase is worked out, the Center will be looking to do the same with CADD software.

9. **June FWG Meeting:** The CADD Center's Field Working Groups (FWGs) met on 4-5 June to select and rank projects submitted to the Center for FY03 funding. *Lori will forward information to everyone regarding project ranking.*
10. **Next Meeting:** The next conference call will be held at 1:00 p.m. CDT on 10 July. Anyone wishing to participate is welcome. The phone number is 1-888-981-0147, and the pass code is 74666.
